

Yosemite High School

2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Contact Information

School Name	Yosemite High School
Street	1900 "G" Street
City, State, Zip	Merced, CA. 95340
Phone Number	(209) 325-1602
Principal	Nicole Rose
Email Address	nrose@muhsd.org
School Website	www.yhs.muhsd.org
County-District-School (CDS) Code	24-65789-2439602

2022-23 District Contact Information

District Name	Merced Union High School District
Phone Number	209.325.2020
Superintendent	Alan Peterson
Email Address	apeterson@muhsd.org
District Website Address	www.muhsd.org

2022-23 School Overview

On behalf of the staff and myself, I would like to take this opportunity to welcome you to Yosemite High School. The team at Yosemite High School is looking forward to another year of building relationships, teaching rigorous curriculum and supporting students in their endeavors to be successful.

We are excited about the opportunity to work with you and your son/daughter. Our institution provides a positive environment focused on student success and a second chance for students who really want it. If you have any questions, please call me at (209) 325-1602.

Nicole Rose
Principal

MERCED UNION HIGH SCHOOL DISTRICT MISSION STATEMENT

"Every staff member, every day, will support all students to acquire the skills necessary to develop and follow their post secondary dreams."

YOSEMITE HIGH SCHOOL MISSION STATEMENT:

The mission of Yosemite High School is to accept each student as a unique individual with specific needs and provide each student with the best possible education.

YOSEMITE HIGH SCHOOL VISION:

Every Yosemite High School student will walk off the graduation stage with a diploma in one hand and CTE certification/proficiency in the other along with college credit on their transcript.

Yosemite High School Expectations

It is our commitment to help students achieve one or more of the following goals:

1. Return to and be successful at a traditional high school.
2. Earn a high school diploma.
3. Prepare to be a successful contributing member of society.
4. Prepare to be a productive member of the workforce.

To attain one or more of the goals listed above, we expect students to:

- Complete all school assignments
- Participate actively and constructively in their learning
- Develop positive attitudes
- Exercise self-discipline and demonstrate courtesy and respect for others
- Abide by all campus and classroom procedures
- Work independently and think critically
- Understand and demonstrate mastery of the YHS Expected School-Wide Learning Results

2022-23 School Overview

Yosemite High School is one of nine high schools in the Merced Union High School District. Applications for enrollment are reviewed by the district screening committee. The screening committee decides which educational program is best for the student in accordance with district and state policies. Yosemite High School, the only continuation school in the MUHSD, is located on the East Campus Education Center (ECEC). ECEC houses the following schools and programs in addition to Yosemite High School: Independence High School, Merced Adult School, Sequoia High School (a community day school), the Child Development Center which includes services and classes for Teen Parents and their children, ROP (Regional Occupational Program), UDA (Understanding Drugs and Alcohol intervention program), and DRC (Day Reporting Center intervention program).

Yosemite High School, serves a diverse student population from the communities of Livingston, Ballico, Snelling, and Cressey in the northern section of the Merced Union High School District; the communities of Atwater, Winton, and McSwain in the central part of the district; and Merced and El Nido to the South. In addition to ECEC, Merced Union High School District consists of six traditional comprehensive high schools.

While the area is showing progress from double-digit unemployment rates there is still a lag behind state and national unemployment averages. Since the 2018-2019 school year 100% of students at Yosemite High School are able to eat breakfast and lunch free of charge.

Yosemite High School is involved in a number of state and federal programs that require parent and community input.

The student population of Yosemite High School has increased to approximately 300 students on the East Campus Education Center site. The majority of students placed into Yosemite High School are deficient in credits. Some students transfer back to their traditional campus once they are current in credits for their grade level. Students have the opportunity to take classes to accelerate their progress in earning credits and may enroll in additional programs to earn credits to reach their goals.

It is the belief of the administration and teaching staff of Yosemite High School that all students can learn at a high level in order to meet all state standards. We further assert that those students who succeed at Yosemite High School take charge of their own goals and understand their own learning style. They ask for help and know how to put that help to good use. In other words, YHS students take initiative to direct their own learning. Teachers provide encouragement and guidance, but acquiring knowledge is the responsibility of the student. The responsibility of all staff is to provide an environment conducive to student learning, all materials necessary to convey the standards-based curriculum, and an environment of mutual trust and safety for learning to occur.

During the 2021-22 school year, Yosemite High School went through a full study with the Western Association of Schools and Colleges (WASC) accreditation process. Yosemite was given a six-year accreditation with a mid cycle review at three-years in 2025.

About this School

2021-22 Student Enrollment by Grade Level

Grade Level	Number of Students
Grade 11	101
Grade 12	197
Total Enrollment	298

2021-22 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Female	41.9
Male	58.1
American Indian or Alaska Native	0.3
Asian	1.7
Black or African American	5.0
Filipino	0.0
Hispanic or Latino	78.5
Native Hawaiian or Pacific Islander	0.0
Two or More Races	0.7
White	12.4
English Learners	13.8
Foster Youth	1.7
Homeless	19.1
Migrant	2.7
Socioeconomically Disadvantaged	90.9
Students with Disabilities	12.8

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	12.50	55.96	373.30	71.61	228366.10	83.12
Intern Credential Holders Properly Assigned	0.00	0.00	16.20	3.11	4205.90	1.53
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0.20	1.07	39.30	7.55	11216.70	4.08
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	7.40	33.20	54.40	10.45	12115.80	4.41
Unknown	2.20	9.78	37.90	7.27	18854.30	6.86
Total Teaching Positions	22.50	100.00	521.30	100.00	274759.10	100.00

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
Total Teaching Positions						

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	
Misassignments	0.20	
Vacant Positions	0.00	
Total Teachers Without Credentials and Misassignments	0.20	

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	
Local Assignment Options	7.40	
Total Out-of-Field Teachers	7.40	

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

2021-22 Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0.00	
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.00	

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Pursuant to the settlement of Williams vs. the State of California, Merced Union High School District thoroughly inspected each of its school sites at the start of the 2022-2023 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary.

Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The following chart displays data collected in regards to the textbooks in use in the District including at Yosemite High School during the current school year (2022-2023).

All textbooks at YHS are in adequate supply and fair to excellent condition. The school and district place great emphasis on providing students with the most up-to-date, standards aligned textbooks and instructional materials.

Year and month in which the data were collected	2022 September
--	----------------

School Facility Conditions and Planned Improvements

Yosemite High School was originally established in 1966, and is currently comprised of 22 classrooms, a cafeteria, one staff lounge, a library/Global Access Port (GAP), one computer lab, one gymnasium, an athletic field, and administrative offices.

YHS is fully compliant with the Williams Facility Inspection. The school is inspected annually by the Fire Marshal and monthly by school site administrators. All issues discovered during these inspections are given the utmost priority.

Cleaning Process

Yosemite High provides a safe and clean environment for students, staff, and volunteers. The District Governing Board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works with custodians to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by Yosemite High School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Merced Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Local Bond

In November of 2008, a local bond was passed which paid for the following site improvements for the ECEC campus:

- Gym remodel
- Replacement of alarms and bell systems
- HVAC in gym/exercise rooms

Year and month of the most recent FIT report

October 14, 2022

System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X

	X		

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	12	N/A	41	N/A	47
Mathematics (grades 3-8 and 11)	N/A	1	N/A	13	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded
All Students	180	164	91.11	8.89	11.66

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

For any 2020–21 data cells with N/T values indicate that this school did not test students using the CAASPP for Science.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
Science (grades 5, 8 and high school)	1.83	1.86	20.63	18.77	28.5	29.47

2021-22 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	Percent Met or Exceeded
All Students	303	274	90.43	9.57	1.86
Female	122	107	87.7	12.3	1.92
Male	181	167	92.27	7.73	1.82
American Indian or Alaska Native	--	--	--	--	--
Asian	--	--	--	--	--
Black or African American	17	14	82.35	17.65	14.29

2021-22 Career Technical Education Programs

Yosemite High School's primary objective is to prepare students for success in college and careers. The following CTE courses are offered at YHS: Green Technology, OSHA: Worksite Safety, Java Script, Computer Applications, IT Essentials, Art, Child Development, Ag Welding, Health & Family Living, Careers with Infants & Toddlers, and Construction Trades. Students have a variety of courses to choose from that fall within the following pathways: Agriculture & Natural Resources; Art; Building & Construction Trades; Business & Finance; Education & Child Development; Energy, Environment, & Utilities; Information & Communication Technology; and Transportation.

Through these various industry sectors, pathways and course offerings, the following is a list of the district's CTE advisory committee that supports our CTE program:

Breanne Ramos, Merced Farm Bureau
Jay Sousa, Photographer
Gwen Hagaman, Marketing Consultant
Kathleen Lassle, Program Compliance Manager for Webcor Builders
Lisa Vigil, Field & Marketing Representative for Carpenters Local Union 152
Scott Lewis, District Coordinator for Carpenters Training Committee
Brian Teague, Labors Relations Representative for Liuna
David Marvulli, Construction Owner for DMC Construction
Terry Rolfe, Construction Owner Phase 1 Construction
Kevin Kennedy, Pres.of Valley Business Center
Nancy Deavours, President/CEO Merced School EFCU
Ana Boyenga, Assistant Superintendent of Atwater Elementary School District.
Brent Jerner, CEO APG Solar
Kahri Boykin, MUHSD Teacher
Dena Traina, Civil Engineer, Provost & Pritchard Consulting Group
Marisol Duran, Abercrombie and Fitch Company
Leslie Abasta-Cummings, CEO of Livingston Community Health
Dr. Thelma Hurd, UC Merced Director, Medical Education
Megan Mets and Kim Garner, El Capitan Hotel (JDV Hotels)
John Livria, Vice President of Focus Publishing
Anthony Thomas, Converge One
Brenda Reyna, Merced Superior Courtroom Clerk (Supervisor)
Mickey Brunelli, Fire Battalion Chief
Harry Dhaliwal, Service Manager for Interstate Trucking
Timothy Donovan, Merced College Instructor
Autumn Gardia, Merced College Director of Special Projects and Grants
Kathleen Kanemoto, Merced College Instructor
Sukhraj Mehat, MUHSD Instructor
Barbara Tanzillo, Community Member
Michael Hammar, Native American Representative
Laurie Goodwin, Parent
Michelle Symes, Parent
Lily Pulido, CTE Pathway Coordinator
Greg Soto, Dean of Student Services
Bryan Tassej, Merced College, Dean of CTE
Jennifer Sousa, Adjunct Counselor
Student, AHS (Name Redacted) Student
Student, LHS (Name Redacted) Student
Student, MHS (Name Redacted) Student
Jannette McAuley, Program Administrator
Kimberly Zamudio, Educational Services Program Administrative Assistant

2021-22 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	262
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	27.3
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2021-22 Pupils Enrolled in Courses Required for UC/CSU Admission	90.97
2020-21 Graduates Who Completed All Courses Required for UC/CSU Admission	0.00

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 5	NA	NA	NA	NA	NA
Grade 7	NA	NA	NA	NA	NA
Grade 9	NA	NA	NA	NA	NA

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and guardians are encouraged to be partners in their child's academic progress through online access to Aeries gradebook and Google Classroom and to communicate with counselors and teachers as needed. Emails and dialers go out communicating school activities, assessments and daily attendance reporting. Yosemite High School parents participate on the School Site Council, English Language Advisory Committee, as well as WASC Focus groups and LCAP informational meetings. We gather feedback from parents through the use of online and paper surveys with questions specific to ideas on how to improve their student's experience at Yosemite High School and help them be successful. Parents also attend student orientations with their children during the enrollment process that takes place at the beginning of the year and again at each quarter. This ensures that parents and students gain a clear understanding of the expectations at Yosemite High School and gives them the opportunity to have all of their questions answered. In addition; twice yearly student recognition ceremonies are held to recognize students and parents are invited to attend. Our school secretary makes individual phone calls to personally invite all the parents of each student being recognized. Other opportunities include attending Back to School Night in the fall semester to meet teachers and Senior Parent Nights held throughout the year to inform parents and students of the graduation requirements. Students are also able to earn additional graduation tickets when their parents attend these informational meetings. This year we have added Parent Lunch Meetings during the school day to provide an additional opportunity for parents to visit campus, learn valuable information, and be involved in their student's success at YHS.

Parents who wish to participate on Yosemite High School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (209) 325-1600. The district's website (<http://www.muhsd.org/>) also provides a variety of helpful resources and information for parents, students, and community members.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2019-20	School 2020-21	School 2021-22	District 2019-20	District 2020-21	District 2021-22	State 2019-20	State 2020-21	State 2021-22
Dropout Rate		19.3	27.9		3.2	3.9		8.9	7.8
Graduation Rate		76.5	63.3		95.2	94.2		84.2	87

2021-22 Graduation Rate by Student Group (Four-Year Cohort Rate)

This table displays the 2021-22 graduation rate by student group. For information on the Four-Year Adjusted Cohort Graduation Rate (ACGR), visit the CDE Adjusted Cohort Graduation Rate web page at www.cde.ca.gov/ds/ad/acgrinfo.asp.

Student Group	Number of Students in Cohort	Number of Cohort Graduates	Cohort Graduation Rate
All Students	147	93	63.3
Female	60	39	65.0
Male	87	54	62.1
American Indian or Alaska Native	--	--	--
Asian	--	--	--

Two or More Races	2	2	2	100.0
White	55	49	39	79.6
English Learners	68	65	55	84.6
Foster Youth	16	13	11	84.6
Homeless	63	62	56	90.3
Socioeconomically Disadvantaged	411	382	326	85.3
Students Receiving Migrant Education Services	8	8	8	100.0
Students with Disabilities	53	49	20	40.8

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	6.50	2.26	2.45
Expulsions	1.63	0.57	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
Suspensions	0.00	5.13	0.34	3.01	0.20	3.17
Expulsions	0.00	1.56	0.03	0.70	0.00	0.07

2021-22 Suspensions and Expulsions by Student Group

Student Group	Suspensions Rate	Expulsions Rate
All Students	5.13	1.56
Female	2.66	0.53
Male	6.92	2.31
American Indian or Alaska Native	0.00	0.00
Asian	0.00	0.00
Black or African American	8.70	0.00
Filipino	0.00	0.00
Hispanic or Latino	3.74	1.15
Native Hawaiian or Pacific Islander	0.00	0.00
Two or More Races	0.00	0.00
White	10.91	5.45
English Learners	5.88	0.00
Foster Youth	18.75	0.00
Homeless	3.17	0.00
Socioeconomically Disadvantaged	5.11	1.46
Students Receiving Migrant Education Services	0.00	0.00
Students with Disabilities	3.77	0.00

2022-23 School Safety Plan

Safety of students and staff is a priority of Yosemite High School. Teachers, administration, and campus liaisons supervise designated areas before and after school, and during breaks. Campus liaisons constantly walk the grounds while classes are in session to ensure all visitors check into the office and direct students back to class. Each liaison is equipped with a two-way radio and First Aid supplies. YHS also employs a School Resource Officer from the Merced Police Department who is on campus daily. There is a designated area for students to be dropped off and picked up, which is monitored by liaisons and administration. Students are not allowed to bring visitors on campus during the school day, including lunch breaks. All non-students are required to report to the principal's and attendance offices for registration. Guest speakers, parents, and or visitors are required to report to the principal's office prior to visiting classrooms in order to receive admittance authorization and complete a digital sign in form.

The school's safety program is fully compliant with federal and state regulations, and the School Safety Plan is updated annually by the Safety Committee with input from staff, students, and parents. YHS School Site Council approved the 2022-2023 safety plan at the meeting on September 29, 2022. The current safety plan was approved by the MUHSD school board on October 12, 2022.

Key elements outlined in the plan include:

- Emergency notification system for the entire campus
- Equipping some teachers and administration with portable radios
- Security Cameras and panic gates
- Campus maintenance and inspection done regularly.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire, earthquake, and intruder drills are held each semester, and all staff have been trained on coordinating an evacuation from the school. One site map includes facilities, evacuation and safety needs of Independence, Merced Adult, Sequoia and Yosemite High Schools which are posted in all classrooms and offices.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	13	31		
Mathematics	12	11		
Science	14	9		
Social Science	15	25		

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	15	27		
Mathematics	13	11		
Science	16	10		
Social Science	15	24		

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	13	40		
Mathematics	16	12		
Science	14	16		
Social Science	12	39	2	

2021-22 Ratio of Pupils to Academic Counselor

This table displays the ratio of pupils to Academic Counselor. One full time equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Ratio
Pupils to Academic Counselor	248.33

2021-22 Student Support Services Staff

This table displays the number of FTE support staff assigned to this school. One full time equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School
Counselor (Academic, Social/Behavioral or Career Development)	1.2
Library Media Teacher (Librarian)	
Library Media Services Staff (Paraprofessional)	
Psychologist	1.0
Social Worker	
Nurse	0.3
Speech/Language/Hearing Specialist	
Resource Specialist (non-teaching)	
Other	1.0

2020-21 Expenditures Per Pupil and School Site Teacher Salaries

This table displays the 2020-21 expenditures per pupil and average teacher salary for this school. Cells with N/A values do not require data.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Restricted)	Expenditures Per Pupil (Unrestricted)	Average Teacher Salary
School Site	\$14,724.47	\$1,988.22	\$12,736.25	\$78,311.46
District	N/A	N/A	\$9,080	\$70,489.05
Percent Difference - School Site and District	N/A	N/A	33.5	10.5
State	N/A	N/A	\$6,594	\$94,126
Percent Difference - School Site and State	N/A	N/A	63.6	-18.3

2021-22 Types of Services Funded

In addition to general state funding, Merced Union High School District received state and federal funding for the following categorical, special education, and support programs including foster and homeless youth, site instructional coach, and free lunch for all students:

- *Local Control Funding Formula (LCFF Supplemental)
- *Title I, Part A - Basic Grant
- *Title II, Parts A & D - Teacher Quality & Technology
- *Title III, Part A - Limited English Proficiency (LEP)
- *Title IV - Safe & Drug Free Schools & Communities (SDFSC)
- *Title V - Innovative Programs

2020-21 Teacher and Administrative Salaries

This table displays the 2020-21 Teacher and Administrative salaries. For detailed information on salaries, see the CDE Certification Salaries & Benefits web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average for Districts in Same Category
Beginning Teacher Salary	\$55,336	\$55,947
Mid-Range Teacher Salary	\$82,164	\$90,080
Highest Teacher Salary	\$105,121	\$117,121
Average Principal Salary (Elementary)		
Average Principal Salary (Middle)		\$146,364
Average Principal Salary (High)	\$146,354	\$164,633
Superintendent Salary	\$212,662	\$261,984
Percent of Budget for Teacher Salaries	31%	31%
Percent of Budget for Administrative Salaries	5%	5%

2021-22 Advanced Placement (AP) Courses

This table displays the percent of student in AP courses at this school.

Percent of Students in AP Courses	0
-----------------------------------	---

This table displays the number of AP courses offered at this school where there are student course enrollments of at least one student.

Subject	Number of AP Courses Offered
Computer Science	0
English	0
Fine and Performing Arts	0
Foreign Language	0
Mathematics	0
Science	0
Social Science	0
Total AP Courses Offered Where there are student course enrollments of at least one student.	0

Professional Development

Currently, our professional development plan has centered around student-centered learning and engagement. Topics of professional development include planning for student-centered learning, effective closure methods, and ELD strategies. Teachers were surveyed at the beginning of the year for their input on the needs for specific resources and trainings to help them be successful this year. Also, we utilized our Instructional Leadership Team for their input and experience to help plan the PD schedule for the year. Professional development has been delivered in-person during the year and are done once a month during our "Professional Learning" Wednesday collaboration time. Our ILT members and instructional coach lead these trainings with topics focused on ways to increase student engagement, build relationships with students, and special populations.

Additional professional development is delivered in faculty meetings, prep period trainings, half-day trainings on site, site visitations throughout district and reflective post-visit lesson planning, conference attendance both at county level and outside the county, as well as continuation high school-specific conferences. For additional support in their profession, all first and second-year teachers throughout the district participate in the MUHSD Teacher Induction program, a state-funded, standards-based program that provides support through mentoring, training, and evaluation. Additional staff development is provided by our Instructional Coach, administration coaching of teachers, and learning walks that highlight peer observations between teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2020-21	2021-22	2022-23
Number of school days dedicated to Staff Development and Continuous Improvement	5	20	17

GENERAL INFORMATION

The Facility Inspection Tool (FIT) has been developed by the Office of Public School Construction to determine if a school facility is in "good repair" as defined by Education Code (EC) Section 17002(d) (1) and to rate the facility pursuant to EC Section 17002(d)(2). The tool is designed to identify areas of a school site that are in need of repair based upon a visual inspection of the site. In addition, the EC specifies the tool should not be used to require capital enhancements beyond the standards to which the facility was designed and constructed.

Good repair is defined to mean that the facility is maintained in a manner that ensures that it is clean, safe, and functional. As part of the school accountability report card, school districts and county offices of education are required to make specified assessments of school conditions including the safety, cleanliness, and adequacy of school facilities and needed maintenance to ensure good repair. In addition, beginning with the 2005/2006 fiscal year, school districts and county offices of education must certify that a facility inspection system has been established to ensure that each of its facilities is maintained in good repair in order to participate in the School Facility Program and the Deferred Maintenance Program. This tool is intended to assist school districts and county offices of education in that determination.

County superintendents are required to annually visit the schools in the county of his or her office as determined by EC Section 1240. Further, EC Section 1240(c)(2)(l), states the priority objective of the visits made shall be to determine the status of the condition of a facility that poses an emergency or urgent threat to the health or safety of pupils or staff as defined in district policy, or as defined by EC Section 17592.72(c) and the accuracy of data reported on the school accountability report card with the respect to the safety, cleanliness, and adequacy of school facilities, including good repair as required by EC Sections 17014, 17032.5, 17070.75, and 17089. This tool is also intended to assist county offices of education in performing these functions.

The EC also allows individual entities to adopt a local evaluation instrument to be used in lieu of the FIT provided the local instrument meets the criteria specified in EC Section 17002(d) and as implemented in the FIT. Any evaluation instrument adopted by the local educational agency for purpose of determining whether a school facility is maintained in good repair may include any number of additional items but must minimally include the criteria and rating scheme contained in the FIT.

Below are suggested methods for evaluating various systems and areas:

USER INSTRUCTIONS

The FIT is comprised of three parts as follows:

Part I, Good Repair Standard outlines the school facility systems and components, as specified in EC Section 17002(d)(1), that should be considered in the inspection of a school facility to ensure it is maintained in a manner that assures it is clean, safe and functional. Each of the 15 sections in the Good Repair Standard provides a description of a minimum standard of good repair for various school facility categories. Each section also provides examples of clean, safe and functional conditions. The list of examples is not exhaustive. If an evaluator notes a condition that is not mentioned in the examples but constitutes a deficiency, the evaluator can note such deficiency in the applicable category as "other."

Some of the conditions cited in the Good Repair Standard represent items that are critical to the health and safety of pupils and staff. Any deficiencies in these items require immediate attention and, if left unmitigated, could cause severe and immediate injury, illness or death of the occupants. They constitute extreme deficiencies and indicate that the particular building system evaluated failed to meet the standard of good repair at that school site. These critical conditions are identified with underlined text followed by an (X) on the Good Repair Standard. If the underlined statement is not true, then there is an extreme deficiency (to be marked as an "X" on the Evaluation Detail) resulting in a "poor" rating for the applicable category. It is important to note that the list of extreme deficiencies noted in the Good Repair Standard is not exhaustive. Any other deficiency not included in the criteria but meeting the definition above can be noted by the evaluator and generate a poor rating.

Part II, Evaluation Detail is a site inspection template to be used to evaluate the areas of a school on a category by category basis. The design of the inspection template allows for the determination of the scope of conditions across campus. In evaluating each area or space, the user should review each of the 15 categories identified in the Good Repair Standard and make a determination of whether a particular area is in good repair. Once the determination is made, it should be recorded on the Evaluation Detail, as follows:

OK	No Deficiency - Good Repair: Mark "OK" if all statements in the Good Repair Standard are true, and there is no indication of a deficiency in the specific category.
D	Deficiency: Mark "D" if one or more statement(s) in the Good Repair Standard for the specific category is not true, or if there is other clear evidence of the need for repair.
X	Extreme Deficiency: Indicate "X" if the area has a deficiency that is considered an "Extreme Deficiency" in the Good Repair Standard or there is a condition that qualifies as an extreme deficiency but is not noted in the Good Repair Standard.
NA	Not Applicable: If the Good Repair Standard category (building system or component) does not exist in the area evaluated, mark "NA".

Part III includes the **Category Totals and Ranking**, the **Overall Rating**, and a section for **Comments and Rating Explanation**.

- **Gas** and **Sewer** are major building systems that may span the entire school campus but may not be evident as applicable building systems in each classroom or common areas. However, because a deficiency in either of these systems could become evident and present a health and safety threat anywhere on campus, the user should not mark "NA" and should instead include an evaluation of these systems in each building space.

- **Roofs** can be easily evaluated for stand alone areas, such as portable classrooms. For permanent buildings containing several areas to be evaluated, roofs should be considered as parts of individual areas in order to accurately account for a scope of any roofing deficiency. For example, a 10 classroom building contains damaged gutters on one side of the building, spanning across five classrooms. Therefore, an evaluator should mark five classrooms as deficient in the roof category and the other five classrooms as in good repair, assuming there are no other visible deficiencies related to roofing.

- **Overall Cleanliness** is intended to be used to evaluate the cleanliness of each space. For example, a user should note a deficiency due to dirty surfaces in Overall Cleanliness, rather than **Interior Surfaces**. At the same time, the user should note such deficiency only in Overall Cleanliness in order to avoid accounting for such deficiency twice, i.e. in two sections.

- The tool is designed to evaluate stand-alone restrooms as separate areas. However, restrooms contained within other spaces, such as a kindergarten classroom or a library, can be evaluated as part of that area under Restrooms. If the area evaluated does not contain a restroom, Restrooms should be marked "NA."

- **Drinking fountains** can exist within individual classrooms or areas, right outside of classrooms or restrooms or other areas, or as stand alone fixtures on playgrounds and sports fields. If a drinking fountain or a set of fountains is located inside a building or immediately outside the area being evaluated, it should be included in the evaluation of that area under Drinking Fountains. If a fountain is located on the school grounds, it should be evaluated as part of that outside space. If there is no drinking fountain in the area evaluated, Drinking Fountains should be marked "NA."

- **Playgrounds/School Grounds**, should be evaluated as separate areas by dividing a campus into sections with defined borders. In this case, several sections of the good repair criteria would not apply to the evaluation, as they do not exist outside of physical building areas, such as **Structural Damage** and **Fire Safety**, for example.

Once the inspector completes the site inspection, he or she must total the number of areas evaluated. The inspector must also count all of the spaces deemed in good repair, deficient, extremely deficient, or not applicable under each of the 15 sections. Next, the evaluator must determine the condition of each section by taking the ratio of the number of areas deemed in good repair to the number of areas being evaluated (after subtracting non-applicable spaces from the total number of areas evaluated). If any of the 15 sections received a rating of extreme deficiency, the ratio (i.e., the percentage of good repair) for that section and the category the section is in should default to zero. The total percent per category (A through H) is determined by the total of all percentages of systems in good repair divided by the number of sections in that category. For example, to determine the total percent for the Structural category, add the percentages for the Structural Damage and Roof sections and divide the result by two.

Next, the overall school site score is determined by computing the average percentage rating of the eight categories (i.e., the total of all percentages divided by eight). Finally, the rater should determine the overall School Rating by applying the Percentage Range in the table provided in Part III to the average percentage calculated and taking into consideration the Rating Description provided in the same table.

*Although the FIT is designed to evaluate each school site within a reasonable range of facility conditions, it is possible that an evaluator may identify critical facility conditions that result in an Overall School Rating that does not reflect the urgency and severity of those deficiencies and/or does not match the rating's Description in Part III. In such instances, the evaluator may reduce the resulting school score by one or more grade categories and describe the reasons for the reduction in the space provided for Comments and Rating Explanation.

When completing Part III of the FIT, the inspector should note the date and time of the inspection as well as weather conditions and any other pertinent inspection information in the specific areas provided and utilize the Comments and Rating Explanation Section if needed.

When completing Part III of the FIT, the school district should be provided the opportunity to provide comments and utilize the Comments and Rating Explanation Section if needed.

PART I: GOOD REPAIR STANDARD

(X): If underlined statement is not true, then this is an extreme deficiency (marked as an "X") on the Evaluation Detail resulting in a "poor" rating for the applicable category.

Gas Leaks

Gas systems and pipes appear safe, functional, and free of leaks.

Examples include but are not limited to the following:

- a. There is no odor that would indicate a gas leak. (X)
- b. Gas pipes are not broken and appear to be in good working order. (X)
- c. Other

Mechanical Systems

Heating, ventilation, and air conditioning systems (HVAC) as applicable are functional and unobstructed. Examples include but are not limited to the following:

- a. The HVAC system is operable. (X)
- b. The facilities are ventilated (via mechanical or natural ventilation).
- c. The ventilation units are unobstructed and vents and grills are without evidence of excessive dirt or dust.
- d. There appears to be an adequate air supply to all classrooms, work spaces, and facilities (i.e. no strong odor is present, air is not stuffy)
- e. Interior temperatures appear to be maintained within normally accepted ranges.
- f. The ventilation units are not generating any excessive noise or vibrations.
- g. Other

Sewer

Sewer line stoppage is not evident. Examples include but are not limited to the following:

- a. There are no obvious signs of flooding caused by sewer line back-up in the facilities or on the school grounds. (X)
- b. The sanitary system controls odors as designed.
- c. Other

Interior Surfaces (Floors, Ceilings, Walls, and Window Casings)

Interior surfaces appear to be clean, safe, and functional. Examples include but are not limited to the following:

- a. Walls are free of hazards from tears and holes.
- b. Flooring is free of hazards from torn carpeting, missing floor tiles, holes.
- c. Ceiling is free of hazards from missing ceiling tiles and holes.
- d. There is no evidence of water damage (e.g. no condensation, dampness, staining, warping, peeling, mineral deposits, etc.)
- e. Other

Overall Cleanliness

School grounds, buildings, common areas, surfaces, and individual rooms appear to have been

- b. An area should appear to be clean with minimal dirt, dust, or buildup. Floors and carpets should appear to have been swept or cleaned within the last week. Light fixtures and all bulbs are working properly. Facilities area adequately stocked and odor free. (OK)

Part IIb (Optional) - The Cleanliness Detail worksheet may be used to evaluate the Overall Cleanliness of each area. Based on Part IIb, use the following to complete Part IIa:

The district may choose how to report maintenance and custodial staff. The district may report staffing at the site or district level. Staffing may be based on assigned staff or represented as Full-Time Equivalent increments.

- a. If 75.0 percent or more of the review is "Yes", the area should be rated clean (OK).
- b. If 50 - 74.9 percent of the review is "Yes", the area should be rated "Deficient (D)".
- c. If 49.9 percent or less of the review is "Yes", the area should be rated Extreme Deficiency (X)

1. Floors swept, vacuumed, and/or mopped. Free of spots stains, and build up.
2. Walls and Doors free of spots and grime.
3. Desk and Counters clean.
4. Furniture dusted and clean.
5. Baseboards and window sills dusted and clean.
6. Light fixtures clean.
7. Sink clean and drains working properly.
8. Trash cans are empty and clean. The ground is free of trash. Floors and furniture are free of gum and/or other food residue.
9. Windows are free from damage, clean, and in working condition.
10. Water fountains, including handles/buttons, are clean and in working condition.
11. Toilets and bathroom sinks are clean and in working condition.
12. Mirrors and Hand Dryers are clean, intact, and in working condition.
13. Bathroom supplies are stocked and in working condition.
14. Area is free of graffiti.
15. Landscaping - Maintained sufficiently to not hinder student and staff.

Pest/Vermin Infestation

Pest or vermin infestation are not evident. Examples include but are not limited to the following:

- a. There is no evidence of a major pest or vermin infestation. (X)
- b. There are no holes in the walls, floors, or ceilings.

cleaned regularly. Examples include but are not limited to the following:

- a. Restrooms, drinking fountains, and food preparation or serving areas appear to have been cleaned each day that school is in session.

STATE OF CALIFORNIA

FACILITY INSPECTION TOOL

SCHOOL FACILITY CONDITIONS EVALUATION

(REV 04/22)

STATE ALLOCATION BOARD

OFFICE OF PUBLIC SCHOOL CONSTRUCTION

Page 4 of 7

Electrical (Interior and Exterior)

1. There is no evidence that any portion of the school has a power failure. (X)
2. Electrical systems, components, and equipment appear to be working properly. Examples include
 - a. There are no exposed electrical wires. Electrical equipment is properly covered and secured from pupil access. (X)
 - b. Outlets, access panels, switch plates, junction boxes and fixtures are properly covered and secured from pupil access.
 - c. Other
3. Lighting appears to be adequate and working properly, including exterior lights. Examples include but are not limited to the following:
 - a. Lighting appears to be adequate.
 - b. Lighting is not flickering.
 - c. There is no unusual hum or noise from the light fixtures.
 - d. Other

Restrooms

Restrooms in the vicinity of the area being evaluated appear to be accessible during school hours, clean, functional and in compliance with SB 892 (EC Section 35292.5) and AB 367 (EC Section 35292.6). The following are examples of compliance with SB 892 and AB 367:

- a. Restrooms are maintained and cleaned regularly.
- b. Restrooms are fully operational.
- c. Restrooms are stocked with toilet paper, menstrual products, soap, and paper towels.
- d. Restrooms are open during school hours.
- e. Other

Sinks/Fountains (Inside and Outside)

Drinking fountains appear to be accessible and functioning as intended.

Examples include but are not limited to the following:

- a. Drinking fountains are accessible.
- b. Water pressure is adequate.
- c. A leak is not evident.
- d. There is no moss, mold, or excessive staining on the fixtures.
- e. The water is clear and without unusual taste or odor.
- f. Other

Fire Safety

The fire equipment and emergency systems appear to be functioning properly.

Examples include but are not limited to the following:

- a. The fire sprinklers appear to be in working order (e.g., there are no missing or damaged sprinkler heads). (X)
- b. Emergency alarms appear to be functional. (X)
- c. Emergency exit signs function as designed, exits are unobstructed. (X)

- c. Rodent droppings or insect skins are not evident.
- d. Odor caused by a pest or vermin infestation is not evident.
- e. There are no live rodents observed.
- f. Other

- c. There does not appear to be damaged tiles or other circumstances that may indicate asbestos exposure.
- d. Surfaces (including floors, ceilings, walls, window casings, HVAC grills) appear to be free of mildew, mold odor and visible mold.
- e. Other

Structural Damage

There does not appear to be structural damage that has created or could create hazardous or uninhabitable conditions. Examples include but are not limited to the following:

- a. Severe cracks are not evident. (X)
- b. Ceilings & floors are not sloping or sagging beyond their intended design. (X)
- c. Posts, beams, supports for portable classrooms, ramps, and other structural building members appear to be intact, secure and functional as designed. (X)
- d. There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines the structural components. (X)
- e. Other

Roofs (observed from the ground, inside/outside the building)

Roof systems appear to be functioning properly. Examples include but are not limited to the following:

- a. Roofs, gutters, roof drains, and down spouts are free of visible damage.
- b. Roofs, gutters, roof drains, and down spouts are intact.
- c. Other

Playground/School Grounds

The playground equipment and school grounds in the vicinity of the area being evaluated appear to be clean, safe, and functional. Examples include but are not limited to the following:

Windows/Doors/Gates/Fences (Interior and exterior)

Conditions that pose a safety and/or security risk are not evident. Examples include but are not limited to the following:

- a. There is no exposed broken glass accessible to pupils and staff. (X)
- b. Exterior doors and gates are functioning and do not pose a security risk. (X)
- c. Windows are intact and free of cracks.
- d. Windows are functional and open, close, and lock as designed, unless there is

- d. Fire extinguishers are current and placed in all required areas.
- e. Fire alarms pull stations are clearly visible.
- f. Other

Hazardous Materials (Interior and Exterior)

There does not appear to be evidence of hazardous materials that may pose a threat to pupils or staff. Examples include but are not limited to the following:

- a. Hazardous chemicals, chemical waste, and flammable materials are stored properly (e.g. locked and labeled properly). (X)
- b. Paint is not peeling, chipping, or cracking.

- a valid reason they should not function as designed.
- e. Doors are intact.
- f. Doors are functional and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
- g. Gates and fences appear to be functional.
- h. Gates and fences are intact and free of holes and other conditions that could present a safety hazard to pupils, staff, or others.
- i. Other

District's Plan to Address:																				
Deficiency Noted in Prior Year?																				

Use additional Building/Area Lines as necessary.

Marks:

Yes = Clean
 No = Not Clean
 N/A = Not Applicable

*This button will transfer the Rating in Excel column R from this page to FIT's column 5 on the Evaluation Detail page, for each Building / Area. It will overwrite existing data (in the Cleanliness column) for the Building Area / Name.

SCHOOL DISTRICT/COUNTY OFFICE OF EDUCATION Merced Union High School District		COUNTY Merced	
SCHOOL SITE Yosemite High School		SCHOOL TYPE (GRADE LEVELS) Cont. 11-12	NUMBER OF CLASSROOMS ON SITE: NUMBER OF RESTROOMS ON SITE: 17

PART III: CATEGORY TOTALS AND RANKING (round all calculations to two decimal places)

TOTAL NUMBER OF AREAS EVALUATED	CATEGORY TOTALS	A. SYSTEMS			B. INTERIOR	C. CLEANLINESS		D. ELECTRICAL	E. RESTROOMS/FOUNTAINS		F. SAFETY		G. STRUCTURAL		H. EXTERNAL	
		GAS LEAKS	MECH/HVAC	SEWER	INTERIOR SURFACES	OVERALL CLEANLINESS	PEST/VERMIN INFESTATION	ELECTRICAL	RESTROOMS	SINKS/ FOUNTAINS	FIRE SAFETY	HAZARDOUS MATERIALS	STRUCTURAL DAMAGE	ROOFS	PLAYGROUND/ SCHOOL GROUNDS	WINDOWS/DOORS/ GATES/FENCES
84	Number of "OK"s:	84	83	84	74	84	84	82	17	37	84	0	84	83	1	83
	Number of "D"s:	0	0	0	9	0	0	1	0	1	0	0	0	0	0	1
	Number of "X"s:	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
	Number of N/As:	0	1	0	1	0	0	1	67	46	0	84	0	1	83	0
Percent of System in Good Repair Number of "OK"s divided by (Total Areas - "NA"s")		100.00%	100.00%	100.00%	89.16%	100.00%	100.00%	98.80%	100.00%	97.37%	100.00%		100.00%	100.00%	100.00%	98.81%
Total Percent per Category (average of above)		100.00%			89.16%	100.00%		98.80%	98.69%		100.00%	100.00%		99.41%		
Rank (Circle one) GOOD = 90%-100% FAIR = 75%-89.99% POOR = 0%-74.99%		GOOD			FAIR	GOOD		GOOD	GOOD		GOOD	GOOD		GOOD		

*Note: An extreme deficiency in any area automatically results in a "poor" ranking for that category and a zero for "Total Percent per Category".

OVERALL RATING:	DETERMINE AVERAGE PERCENTAGE OF 8 CATEGORIES ABOVE →	98.26%	SCHOOL RATING** →	GOOD
------------------------	---	---------------	--------------------------	-------------

**For School Rating, apply the Percentage Range below to the average percentage determined above, taking into account the rating Description below.

PERCENTAGE	DESCRIPTION	RATING
99%-100%	The school meets most or all standards of good repair. Deficiencies noted, if any, are not significant and/or impact a very small area of the school.	EXEMPLARY
90%-98.99%	The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or resulting from minor wear and tear, and/or in the process of being mitigated.	GOOD
75 %-89.99%	The school is not in good repair. Some deficiencies noted are critical and/or widespread. Repairs and/or additional maintenance are necessary in several areas of the school site.	FAIR
0%-74.99%	The school facilities are in poor condition. Deficiencies of various degrees have been noted throughout the site. Major repairs and maintenance are necessary throughout the campus.	POOR

INSPECTOR'S COMMENTS AND RATING EXPLANATION:

DISTRICT'S RESPONSES TO REPORT (Attach additional pages if necessary):

When completing Part III of the FIT, the inspector should note the date and time of the inspection as well as weather conditions and any other pertinent inspection information in the specific areas provided and utilize t
